## LOCATION

High House Business Park is located off the Appledore Road on the eastern side, just south of its junction with the B2067 in the village of Kenardington. Kenardington, a village of some 300 inhabitants, is located midway between Woodchurch to the west and Hamstreet to the east, some 5 miles south-west of Ashford. This is in a predominantly rural location but still enjoying reasonably good communications.

Ashford, one of Kent's designated growth centres, currently has a population of approximately 75,000 inhabitants and is set to grow substantially in the next 20 years. The town is centrally located within the county, benefitting from a fine communications network via the A20/M20 and five mainline railways. Ashford International Passenger station can give direct access to northern continental Europe via Eurostar and London is some 38 minutes distant via HS-1.
